Abranet Max flap disc

Quick Lock Disc CER

The unique ANGOS ARG-B 200 is the first battery-powered grinding tool from Mirka. It can be used with a variety of accessories in grinding and sanding metal, cleaning after welding, surface conditioning, cutting and deburring and paint removal.

Fit it with abrasive brushes, quick lock discs, hard metal burrs or cut off wheels to do work in places where bigger tools reliant on hoses and cables cannot go, in working positions you are free to choose. The user-friendly ergonomic design gives an excellent balance to the tool and the variable speed control trigger, gives the user an optimal speed control while working.
