

MIRKA

DEOS Extension Backing Pad

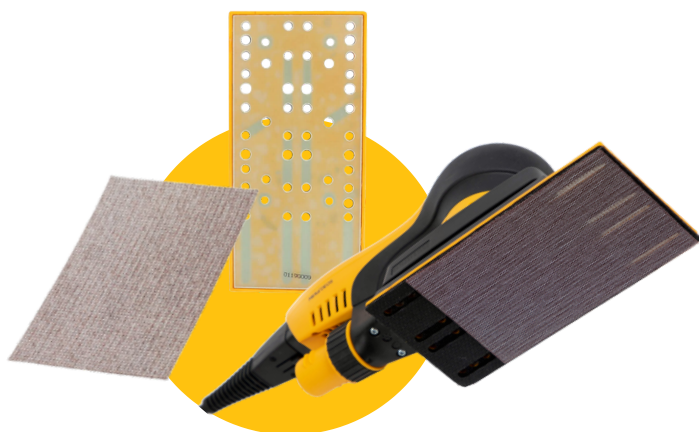

Extend your reach with precision sanding.

Mirka DEOS Extension Backing Pad - 81x165mm

The Mirka Extension Backing Pad 81x165mm is built for precision in sanding narrow, hard-to-reach areas, such as window shutters, trim, and detailed surfaces. It attaches directly to the DEOS 81x133mm sander (353CV), offering extended reach and control, perfect for fine finishing work in areas standard pads can't access.

- ✓ Medium firmness backing
- ✓ Best for hard-to-reach areas
- ✓ Pad saver extends backing pad life
- ✓ Extended Reach
- ✓ Easy Installation
- ✓ Compatible with 81x133mm abrasives

Attachment Type	Grip
Hole Configuration	50 holes
