

MIRKA

DEROS RS 600

Heavy Duty Rotary Sander

The **Mirka DEROS RS 600** is a heavy-duty and lightweight rotary sander designed for fast and efficient material removal. This sander ensures consistent power output, making it ideal for demanding sanding applications. Perfect for woodworkers leveling rough-sawn timber, this sander pairs with Mirka Abranet Ace HD, Ultimax Ligno, and Galaxy abrasives seamlessly. Its ergonomic, compact design reduces hand fatigue, while the variable speed control allows for precise adjustments based on surface type and material.

Dust-Free Sanding

When connected to Mirka's dust extraction system, the Mirka DEROS RS 600 ensures virtually dust-free sanding, keeping your workspace cleaner, safer, and more efficient.

- ✓ Powerful brushless motor **750W**
- ✓ Lightweight & ergonomic
- ✓ Perfect for wood, concrete, automotive and marine sanding
- ✓ Bluetooth connectivity to myMirka app
- ✓ Low noise & vibration levels
