

MIRKA

MIRKA FLEXIBLE FILE BOARD

Hand sanding made easy.

Concave

Convex

Perfect tool for curved areas*

Mirka's Flexible File Board combines a low-profile, durable build with ergonomic handling for superior control in sanding tasks.

Designed for versatility, this board adapts seamlessly to both concave and convex shapes, making it ideal for curved surfaces. The adjustable handle offers a flexible, comfortable grip, while the board's compatibility with Mirka Net strips enhances performance and finish quality.

Dust-Free Sanding

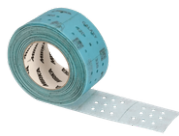

Mirka's fileboards are designed to work with Mirka's abrasive sheets or rolls. Connect the Flexible File Board to a Mirka dust extractor with a Mirka hose for a clean and healthy work environment.
