Abranet[®] Ace HD

The tough abrasive
for heavy duty
applications

- ✓ For demanding applications
- ✓ Durable net construction
- ✓ Long life on sharp edges
- ✓ Clean & efficient, dust free
- ✓ Perfect for paint removal
- ✓ Suitable for hard surfaces
- ✓ For heavy duty applications

When the going gets tough, Abranet Ace HD is even tougher. Remarkable durability and outstanding performance in every use. It starts with the unique symmetrical diamond net pattern construction which provides remarkable strength, enabling the toughest sanding applications to be tackled with excellent resistance to edge wear and a long lifespan.

The special abrasive coating features sharp ceramic grains which work to ensure superior stock removal and exceptionally fast cutting performance. It is even non-corrosive classified so it is ideal for sanding corrosion-sensitive surfaces. Abranet Ace HD is the easy choice for tough applications.
