

MIRKA

GROOVE INTERFACE GRIP

For Mirka DEOS 75x100mm

The **Mirka Groove Interface Grip** for DEOS 75x100mm is your go-to solution for sanding grooves, mouldings, and detailed surfaces. Its innovative design ensures precision, efficiency, and convenience for even the most intricate tasks.

Why Choose the Mirka Groove Interface Grip?

- ✓ Customizable Precision: Features **12 pre-cut 12.5mm segments**, allowing effortless adaptation to various mouldings and shapes.
- ✓ Efficient Dust Extraction: Equipped with an **84-hole design** for a cleaner, dust-free workspace.
- ✓ Compatible: **Pairs seamlessly with Mirka DEOS sanders** and works perfectly with Abranet® and Abranet® Ace net abrasive strips.
- ✓ Versatility: Ideal for woodworking, cabinetry, and furniture, ensuring **uniform results on curved or detailed areas**.

Pairs well with:

Mirka Abranet
Abrasive Roll
