

MIRKA

LEROS Wall Sanders

Perfection from any angle.

The new Mirka® LEROS-S 950CV is a compact length wall sander with a highly flexible sanding head, making it the perfect tool for sanding walls in confined spaces. Thanks to its lightness, balance and easy manouverability, the LEROS-S makes it possible to sand large areas faster and easier.

The full length Mirka® LEROS 950CV is designed for sanding of walls and ceilings with maximum flexibility. The first wall sander with 180° flexibility on the sanding head, allowing operators to comfortably reach surfaces from optimal angles for a more ergonomic work experience. Mirka LEROS has 180° and LEROS-S ~140° flexibility
