 Polishing pad Natural lambswool Yellow lambswool pro Yellow foam pad 	Product properties Speed: Polish, gloss:

Work instruction

- 1. Shake or stir polishing compound before use
- Do not use too much compound at a time. Use a small amount which is consumed on a focused area 2. - less messing and clean up!
- Clean thoroughly before and after polishing 3.
- Work focused on an area of 40x40 cm at a time 4.
- 5. Polish until a scratch free surface is achieved
- Keep the pad clean, a dirty pad causes deep swirls and scratches 6.

Technical specifications

Density:	1,3 kg/l
Viscosity:	20,5 Pas
Colour:	Beige
pH:	7 - 8

Storage recommendations

Recommended storage temperature: 5° - 35° C / 41° - 95° F Keep from freezing
